NOTICE TO CONTRACTORS

POTENTIAL LEAD/RESPIRATORY HAZARD

SSAB has a lead and respiratory program in place for certain employees working in the primary end and bag house to protect them from potential lead hazards as required by OSHA, 29 C.F.R. 1910.1025. All contractors who have employees working in the primary end and/or bag house are required by the OSHA regulations to determine whether their employees could be exposed to hazardous levels of lead and, if so, to maintain a lead and respiratory protection program that complies with the OSHA regulations.

If you have any questions, please contact the site Safety Manager for SSAB Alabama, Inc.
