Supplier registration process at SSAB Procurement

- ▶ SSAB procurement uses the SAP Ariba e-sourcing tool to register, assess & approve our suppliers & provide a shared collaboration online platform to send out inquiries and receive supplier offers.
- ▶ It allows buyers and suppliers to exchange safely tender information, in a fair and dedicated environment.
- ▶ In order to do business with SSAB and become an approved supplier you will be invited to register via our SAP Ariba portal.
 - The registration process for selected suppliers will be initiated by SSAB procurement.
