

*A wide range of colours
for GreenCoat products*

Choosing the right GreenCoat product is easy!

GreenCoat® is SSAB's brand for innovative, eco-conscious colour coated steel solutions for the building industry. As the greenest and one of the most comprehensive offerings of high quality colour coated steel for exterior building applications, GreenCoat products provide many distinct advantages.

All GreenCoat products are made with premium Nordic quality steel, with most featuring a Bio-based Technology (BT) coating

made with Swedish rapeseed oil, which is unique on the market. The patented BT coatings do not only offer environmental advantages, but also increased performance.

Below you can find the right GreenCoat product for your application. GreenCoat products are eco-conscious, UV-resistant (up to RUV4), energy efficient, scratch resistant, have good formability and offer colour stability over the years.

Product offer - Roofing

| | | |
|--|--|---|
| <p>NATURA Bio-based coating made with Swedish rapeseed oil (BT*).</p> <p>GreenCoat Pro BT GreenCoat PLX Pro BT GreenCoat Crown BT GreenCoat Mica BT</p> | <p>ENERGY EFFICIENT Reflects the sun and lowers energy requirements for cooling inside.</p> <p>GreenCoat Cool</p> | <p>OUTDOOR DURABILITY Best colour and gloss retention over the years.</p> <p>GreenCoat Pro BT GreenCoat Pural GreenCoat Mica BT GreenCoat Crown BT GreenCoat Purex</p> |
| <p>COLOUR REPEATABILITY The tightest tolerances for perfect colour matches from delivery to delivery.</p> <p>GreenCoat Purex</p> | <p>ENHANCED FORMABILITY Specialized products for tinsmiths/metal roofers.</p> <p>GreenCoat PLX Pro BT</p> | |

Natura: These GreenCoat products offer a patented, Bio-based Technology (BT) coating made with Swedish rapeseed oil. The benefits are their proven high quality combined with a durable bio-based coating.

Energy Efficient: GreenCoat Cool provides you with an outer skin on your building that reflects solar radiation. Choose this when you have a building in need of cooling.

Outdoor durability: These GreenCoat products have our longest guarantees for outdoor durability. They are proven to withstand decades of harsh weather, even in the tough Nordic climate.

Colour repeatability: Choose this product when you need special, tight colour tolerances for your application. Modular roofing is a typical product application.

Enhanced formability: Products for skilled roofing craftsmen who demand material with high formability. The steels in these products have been developed together with metal roofers and are formable by hand – even down to -15 °C.

Product offer - Façades

| | | |
|---|--|--|
| <p>NATURA Bio-based coating made with Swedish rapeseed oil (BT*).</p> <p>GreenCoat Crown BT GreenCoat Anti-Graffiti BT</p> | <p>ENERGY EFFICIENT Reflects the sun and lowers energy requirements for cooling inside.</p> <p>GreenCoat Hiarc Cool</p> | <p>OUTDOOR DURABILITY Best colour and gloss retention over the years.</p> <p>GreenCoat Hiarc GreenCoat Hiarc Max GreenCoat Crown BT GreenCoat Anti-Graffiti BT GreenCoat Hiarc Cool</p> |
| <p>COLOUR REPEATABILITY The tightest tolerances for perfect colour matches from delivery to delivery.</p> <p>GreenCoat Hiarc GreenCoat Hiarc Max</p> | <p>ANTI-GRAFFITI Maximum resistance to dirt, felt-tip pens or spray paint.</p> <p>GreenCoat Anti-Graffiti BT</p> | |

Natura: These GreenCoat products offer a patented, Bio-based Technology (BT) coating made with Swedish rapeseed oil. The benefits are their proven high quality combined with a durable bio-based coating.

Energy Efficient: GreenCoat Hiarc Cool provides you with an outer skin on your building that reflects solar radiation. Choose this when you have a building in need of cooling.

Outdoor durability: These GreenCoat products have our longest guarantees for outdoor durability. They are proven to withstand decades of harsh weather, even in the tough Nordic climate.

Colour repeatability: Choose these products when you need special, tight colour tolerances for your application. Besides the wide colour range, these products are offered also in metallic colour and special shades.

Anti-graffiti: GreenCoat Anti-Graffiti BT offers special functions to resist graffiti and dirt. It is used for buildings in busy environments where an easy and economical way to protect your building is needed.

A wide range of colours for GreenCoat products

Vibrant and made to last – GreenCoat products are available in a wide range of colours. This document shows our 28 top colours, collected from architects, builders and partners. Each has been carefully selected based on modern building and design trends.

We recommend that you order your GreenCoat sample for correct colour reproduction at: samples.greencoat@ssab.com.

If you do not find the colour you are looking for, a wide range of customized GreenCoat colours and finishes are available, and new ones can be matched according to your wishes.

SSAB has manufactured products for the building industry for more than 50 years and is the pioneer and innovator of creating sustainable colour coated products offering Swedish rapeseed oil in the coating. This unique, patented solution reduces the environmental footprint of GreenCoat products significantly and it makes the GreenCoat colour coated product portfolio the market's greenest offering for roofs, façades and rainwater systems.

SSAB is a Nordic and US-based steel company offering value added products and services developed in close cooperation with its customers to create a stronger, lighter and more sustainable world. SSAB has production facilities in Sweden, Finland and the US and employees in over 50 countries. www.ssab.com
